Specification

Input signal	VGA, AV-in optional
Control	on rear panel
Power supply	external 48W DC 12V power adapter
OS Support	MS DOS, Windows 98/SE, WIN NT4.0, W2K, XP,Vista
Response Time	15ms Rising, 30ms Decay
Viewing Angel	55° up to 55° L/R, 40° up to 40° U/D
Signal Connector	15-pin mini DSUB
Function Control	Brightness, Contrast, H/V Position, Color, Phase, Clock

>Back to top

LCD

Consumption	3,3 V Low driving voltage and low power consumption
Display type	10.4"
Light luminance	220cd
max Resolution	800 x 600
max Colors	262k
Response Time	15ms Rising, 30ms Decay
Backlight	CCFL, Horizontal lamp type
Pixel Pitch	0.264x0.264mm

Contrast Ratio	400/1

■ Environmental

Operating Temp	0°C to 45°C
Storage Temp	-20°C to 60°C
Vibration	10-150Hz, 0.15mm
Shock	30G peak acceleration, 11ms. duration

■ Touchscreen optional

Type	analog resistive
Resolution	continuous
Light transmission	79% or more
Controller	RS232 interface or USB option

■ Power consumption

Software Driver	support Win 98, NT, 2000, ME, XP
Lifetime	100 million times
Dimension	294.6 x 218.1 x 50mm
Weight	ca. 4,0kg
Certification	CE

■ Ordering Information

| Art.No	3109
Product Name	VS OPM-10 LC Display
Packing list	Open frame Displays includes LCD Panel, external Power Adapter, Power Cord
Versions:	OPM 10 without Touchscreen OPM 10T with Touchscreen
